American Paint Horse

Paints have muscular bodies and strong legs. In fact, they are famous for their strength and also for their coat patterns. They are one of the most popular breeds of horses. Paints have two main color patterns, overo and tobiano.

Paints are generally about 57-64 inches (145-163 cm) tall at the withers and usually weigh around 950-1,200 pounds (431-544 kilograms).

Follow these instructions to draw an American Paint horse on the next page like the one shown below:

- In the first grid, draw the half of the picture that is missing.
- In the second grid, see if you can draw the entire picture.
