

Note to Parents and Teachers: Learning about herbs and spices is fun, but extreme caution must be used when going beyond book learning. Nothing in this assignment is meant to suggest a diagnosis or treatment for any condition. Additionally, some herbs can interfere with prescription medication, or vice versa, and some herbs may also interact with each other. This book is only for use in learning the basics about various plants. The pictures are NOT to be used for identification purposes, as artistic interpretations may vary.
