Israel was conquered many times throughout its history. Many rulers of Israel in the Bible were not from Israel. Israel also interacted with many foreign rulers. Each clue in this puzzle refers to a foreign ruler. The name of the ruler is encoded beneath the clue. Under each line for a letter of the name is a code to help you discover what the letter is. Find each letter in the graph and then write the letter on the line. For example, if the code is Across 4, Down 3, (A4-D3), follow the Down row 3 over to Across column 4 and find the letter e. In the instructions, A stands for Across and D stands for Down.
