Journey Through Asia

Unit Study Connecting Geography, History,
Science, and Faith

Bonnie Rose Hudson

A detailed, grayscale map of Asia serves as the background for the page. The map shows various geographical features, including coastlines, rivers, and islands. Labels for various regions and cities are visible, such as 'Korea', 'Japan', 'China', 'India', 'Sri Lanka', and 'Maldives'. The map is oriented with North at the top.

Journey Through Asia Prayer Journal

How many things have you read or studied in your life that you have forgotten? If you're like me, the answer is you have probably forgotten so much that you can't remember how much you've forgotten. Head knowledge is great, but *Journey Through Asia* is about more than that. It's about people. It's about Christians facing challenges most of us cannot imagine, and it's about more people than we can fathom not yet knowing Jesus as their Savior.

This prayer journal is designed to help you and your children take what you read and learn and go deeper, to move from head knowledge to heart concern. It's a tool to help you and your family pray about the people and places you read about.

You can use this journal to record prayer requests mentioned in the course or any other requests and concerns God places on your heart. The Creator of the universe wants us to come and talk with Him, to help carry the burdens of our brothers and sisters and to pray for Him to send laborers to the lost. Let's answer His call and accept His invitation.
