

Introduction

The Scriptures are the most beautiful words in the world because they are the words of God. With this Scripture Art Copywork pack, you can commit selected verses to heart while you let your creativity soar.

On the following pages, you will find verses given in copywork format. Each verse can be traced and then copied. The verses are all taken from the King James Version of the Bible. Above each set of copywork is the same verse, from various translations, designed as word art.

After you have traced and copied a verse, spend some time considering how you can turn the words into your own piece of Scripture word art. You can use the part of the verse you copied or look up the verse and use more of it in your design. It's up to you. Draw it on the page following the verse if you like.

Remember that the Scripture word art is yours. It doesn't have to look like the sample or like anyone else's. Draw the words in the way you see them as you prayerfully reflect on the Word of God.

EXAMPLE

A large, black, cursive word art of the word "Believe". The letters are thick and fluid, with a prominent 'B' and a long, sweeping tail on the 'e'. The word is written in a style that is both elegant and expressive.
